Product Description

12x5 Hydraulic Tipper Galvanised Box Trailer 4000kg ATM (Electric Brake)

The 12x5 Hydraulic Tipper Galvanised Box Trailer 4000kg ATM (Electric Brake) is designed for efficient medium-duty transport. Its compact design features a powerful hydraulic tipping mechanism for easy unloading. Its hot-dip galvanized, fully welded body and chassis ensure durability and corrosion resistance.

Key features include high-strength hydraulic cylinders with hydraulic power components, dual 12" electric drum brakes, 50mm square solid axles, and 8-leaf leaf springs for enhanced stability and smooth traction. The trailer also features 1500mm tie rods, a lattice floor, removable front and rear doors, tie rods, and a steel toolbox. Optional 600mm/900mm removable cages are available. With internal dimensions of 3650mm x 2100mm x 300mm, it is ideal for construction, agriculture, and landscaping tasks.
