Product Description

Steel Structure Box Trailers - Customizable Enclosed Cargo Trailer

Box-Type Trailer Overview

A box trailer is a cargo trailer with a closed van body structure, designed to be towed by a tractor and engineered to protect goods from external elements. The fully enclosed body provides comprehensive protection against rain, dust, and theft, making it the preferred choice for modern logistics transportation.

Key Features

- Fully enclosed steel structure body
- Triple protection against weather and theft
- Customizable color options
- Electronic brakes with parking brake system
- Rear-mounted concealed staircase entry
- Standard 50mm ball head connector
