

## Aym 3000kg Mini Excavator Trailer With Hot-dip Galvanizing And Led Adr Light For Heavy-duty Transport

Our Product Introduction

for more products please visit us on [tippers-trailers.com](http://tippers-trailers.com)

### Basic Information

- Place of Origin: China
- Certification: 9001/TS 16949、CCC、CE、ADR、DOT
- Minimum Order Quantity: 1 Certification
- Delivery Time: 20-30work days
- Payment Terms: L/C,D/A,T/T,D/P
- Supply Ability: Annual output :2000

### Product Specification

- Name: Mini Excavator Trailers
- Trailer Dimensions: 4870\*1900\*2100mm(Trailer Ladder1600mm)
- Drawbar: 150\*50\*3 2150 Long
- Internal Dimensions: 2230\*1400\*500mm
- Surface Treatment: Hot-dip Galvanizing
- Fully Welded Body & Chassis: Yes
- Color: Silver
- Light: LED ADR Light
- ATM: 3000kg
- Guide Wheel: 8 Inch
- Patterned Panel: 2.5 Pattern
- Spring: 8 Pieces
- Beam: 80\*40\*3
- Tire: 185 R15LT

### Product Description

#### AYM 3000KG Mini Excavator Trailers Silver Tandem Axle Plant Trailer

##### Professional Excavator Transport Solution

Specifically engineered for small excavators weighing 1-3 tons, this trailer addresses the unique challenges of construction site transportation, including short-distance hauling and navigating narrow road conditions. Built with corrosion resistance, superior load-bearing capacity, and operational efficiency at its core.

##### Premium Corrosion Protection

The entire body features hot-dip galvanizing with pickling, high-temperature zinc plating, and passivation treatment. This creates a zinc layer with exceptional adhesion that is uniform and dense, providing superior resistance to rain, soil, and acid-base environments. Outdoor storage without rusting and a service life more than 3 times longer than standard painted trailers.

##### Key Design Features

**Reinforced Double Ladders:** Three-rib anti-slip design with double spring reinforcement and gentle slope angle for stable, non-slip excavator loading/unloading

Our Product Introduction

for more products please visit us on [tippers-trailers.com](http://tippers-trailers.com)

**Optional Winch System:** 1200-pound manual/electric winch available for single-person heavy load handling

**Compact Dimensions:** Optimized size (typically 2.1-2.5m long, 1.3-1.5m wide) for excellent maneuverability on rural roads and construction site alleys

**High-Strength Frame:** National standard high-strength steel construction with extra-thick load-bearing base plate for stable, non-deforming performance

#### Technical Specifications

Trailer Dimensions	4870 * 1900 * 2100mm (Trailer ladder: 1600mm)
Internal Dimensions	2230 * 1400 * 500mm
Drawbar	150 * 50 * 3, 2150mm long
Surface Treatment	Hot-dip Galvanizing
ATM	3000kg
Guide Wheel	8 inch
Patterned Panel	2.5 Pattern
Spring	8 pieces
Beam	80 * 40 * 3
Tire	185R14LT
Swing Wheel	8 inches, operable
Brake	10 inches, dual-axis electric brake
Plug	7 Pin (Flat/Small Round/Big Round)
Lighting	LED ADR Light
Color	Silver
Body Construction	Fully Welded Body & Chassis
