Product Description

Premium 2-Horse Trailer for Safe Equine Transport

This premium 2-horse trailer offers a professional equine transport solution engineered for safety, durability, and handler convenience. Built with an aluminum-steel hybrid structure, it combines lightweight agility with heavy-duty strength for stable towing on long journeys.

Key Features & Specifications

Spacious & Ventilated Interior

Large windows and breathable side panels ensure optimal airflow and natural light, reducing equine stress during transit. Meets international transport standards with ample standing space.

Secure & Comfortable Transport

Reinforced anti-kick front panel, non-slip rubber flooring, and adjustable dividers keep horses safe and stable. Rear ramp with sturdy step and secure latching system enables easy, safe loading and unloading.

Durable & Low-Maintenance Build

Corrosion-resistant materials and weather-proof finish ideal for all-season use. Aluminum wheels and steel frame built to withstand rough terrain and frequent towing.

Towing & Safety Features

Heavy-duty hitch, safety chains, and LED lighting ensure road safety compliance. Optional dual-axle brakes provide reliable stopping power for enhanced control.

Ideal Applications

Perfect for equestrian events, farm transfers, or long-distance horse transport. Whether moving horses to competitions, trail rides, or veterinary appointments, this trailer delivers comfort, security, and ease of use for both horse and handler.

Technical Specifications

- Capacity: 2 Horses
- Construction: Aluminum-Steel Hybrid
- Axle Configuration: Dual Axle (Tandem)
- Flooring: Non-Slip Rubber
- Safety: Reinforced Anti-Kick Panels
- Lighting: LED Safety Lights
- Brakes: Optional Dual-Axle Braking System
