Basic Information

Product Specification

- Trailer Dimensions: 4250*2040*1570mm
- Drawbar: 120*60 1760 Long
- Internal Dimensions: 2400*1520*300mm+600mm
- Surface Treatment: Painting
- Fully Welded Body & Chassis: Yse
- Removable Front And Rear Drop-down Doors: Yes
- Color: Black
- Light: E-MARK Light
- Axis: 100 Square Steel Bars
- ATM: 3000kg
- Rated Load Capacity: 1920kg
- Weight Of The Skin: 1080kg
- Guide Wheel: 8 Inch
- Hydraulic Brakes: Yes

Product Description

EU 8x5 Hydraulic Dual-axis Tipper Painting Trailer 3000kg ATM (Collision Brake)

This dual-axle hydraulic dump trailer is engineered for efficient transportation of bulk materials across construction, agricultural, landscaping, and industrial logistics applications. Featuring a high-strength steel frame with mesh side panels and rear-dump mechanism, the hydraulic lifting system enables automated unloading for significantly improved operational efficiency.

Technical Specifications

Trailer Dimensions	4250 * 2040 * 1570 mm
Drawbar	120 * 60 mm, 1760 mm long
Internal Dimensions	2400 * 1520 * 300 mm + 600 mm
Surface Treatment	Painting
Fully Welded Body & Chassis	Yes
Removable Front & Rear Drop-down Doors	Yes
Color	Black

Our Product Introduction

for more products please visit us on tippers-trailers.com

Lighting	E-MARK Light
Axis	100 Square Steel Bars
ATM	3000 kg
Rated Load Capacity	1920 kg
Weight of the Skin	1080 kg
Guide Wheel	8 Inch
Inclined Fuselage	Yes
Cage	600 mm
Suspension System	Torque Shaft
Tire	185R14LT
Brake	Collision Brake (3.5-ton Braking Force)
Plug	7 Pin, Circle Shape
Optional Toolbox	Aluminum

Key Features

Hydraulic Dump System

Single-cylinder lifting mechanism delivers smooth power with large dumping angle for rapid unloading of bulk materials including sand, gravel, soil, and waste.

Dual-Axle Four-Wheel Load Bearing

Dual-axle configuration with 185R14LT wear-resistant tires provides exceptional load capacity, driving stability, and adaptability to diverse road conditions.

Aluminum Tool Box

Integrated aluminum tool box offers convenient storage for tools and accessories, keeping equipment organized and accessible.

Robust and Durable Structure

Manganese steel welded frame construction delivers high torsional strength, long-term resistance to deformation, and reliability in high-frequency work environments.

Safety Design

Mesh side panel structure provides ventilation and lightweight benefits while ensuring cargo transport safety and preventing material spillage.
