Product Description

Professional Heavy-Duty Tiny House Trailer

Our 20ft Adjustable Tiny House Trailer provides a robust mobile foundation for custom tiny home construction. Featuring a double axle steel flatbed with extendable outrigger design, this trailer delivers exceptional stability and safety for both transport and permanent placement applications.

Key Features & Benefits

- Heavy-duty steel construction with 80x40x2.5mm beams and corrosion-resistant spray molding finish
- Extendable outrigger system with 4 adjustable support legs and 6 external supports for maximum stability
- Double electric brake axles with 12-inch electric drum brakes for safe towing up to 4500 kg
- Optimized 5900x2200mm flatbed platform providing ample space for custom tiny home builds
- Global safety certifications including ISO 9001/TS 16494, CCC, CE, ADR, and DOT standards
- Matte black finish with optional color customizations to match your design preferences
