Product Description

8x5 Double Axle Hot Dip Galvanized Excavator Trailer 3000kg ATM

Heavy duty flatbed trailer with torsion axle, LED ADR lights, electric brakes and 185R15LT tires designed for professional construction equipment transport.

Professional Construction Machinery Transport

This 8x5 double-axle excavator trailer is professionally engineered for the transportation of construction machinery. Built with a 3000kg Aggregate Trailer Mass (ATM) and hot-dip galvanised finish, it is a fully compliant, heavy-duty solution tailored for the Australian and New Zealand markets.

Ideal Applications

Perfect for carrying mini excavators, skid-steer loaders, and other compact construction equipment with reliable performance and durability.

Trailer Size: 8x5 Feet

Axle Configuration: Double Axle

ATM Rating: 3000kg

Finish: Hot Dip Galvanized
